CORE VALUE

FREE HOSPITALITY Full-time Ministry Personnel

It is the core value of the Brethren Retreat to offer our accommodations **FREE** of charge (*two night maximum stay per twelve months*) to individuals and families who are in full time ministry - as our schedule permits. It is our belief that if we can refresh a pastor, or help families of a full time ministry household reconnect with each other, . . . then we have taken care of an entire congregation. We make this offer to individuals who seek a period of time away from ministry to become refreshed. We also make this offer to immediate families (*household*) seeking a period of time to reconnect after a stressful event or an opportunity for spiritual meditation.

Our pleasant accommodations are available for a modest fee for vacations, special events (*anniversaries, birthdays, etc.*), missionary furloughs, working retreats (*sermons series, writing projects, etc.*), and staff meetings. Contact us for more details.

We would need to verify your status as full time ministry personnel via a staff listing on your ministry's website or a note from a ministry leader on your church letterhead.
